BITTER FIGHT

Develops in the State Hospital Case

Now in Hearing Before the Institutions Trustees at Cleveland.

DR. KELLY RESIGNED

While Being Cross Examined By a Member of the Board.

Declined to Stand the Brow-Beating Tactics of the Trustee.

Cleveland, O., Nov. 23.—Dr. James Kelly, assistant superintendent of the Cleveland State Hospital for the Insane, tendered his resignation to the trustees at the hearing of the charges against Dr. A. G. Howard, the superintendent, today. His resignation was offered after a rather heated colloquy with trustee Sandy, at he conclusion of Dr. Kelly's evidence in support of his charges against Dr. Howard.

That there is bitterness between Dr. Howard and Dr. Kelly was developed at the continuation of the hearing today.

Six years ago when superintendent Eyman was transferred to the Massillon asylum, Dr. Kelly succeeded him for a time. Dr. Howard became an applicant for the place and was appointed by Governor Bushnell. Dr. Kelly served but two weeks. After that he became assistant to the superintendent. During all the time since, it is said, there has been friction. Until recently, however, Dr. Kelly has made no protest or complaint.

Dr. Kelly was put on the witness stand today and in answer to questions [illegible] complained about the food that was supplied to patients. He said not enough milk was provided. He said the patients were forced to [illegible] without milk or sugar and [illegible] they were given no milk for [illegible]. Trustee Sandy at that point volunteered the information that 1,500 pounds of milk was purchased every day for the use of the patients and this he estimated would allow a pint to each of the 1,500 [illegible]. More could not be purchased [illegible] with the appropriation allowed.

Dr. Kelly asked that several of the patients be called to testify as to the quality of the food. Trustee Sandy remarked in that connection: "If I were under charges I would want to be cleared by sane people if at all.

Trustee Sandy then said: "Any man who has not gumption enough to tell the rock to that [illegible] on this [illegible] has not gumption enough [illegible] of me [illegible] good."

Dr. Kelly responded hotly: "I want you to accept my resignation as assistant at once. I feel that I have done my best for this institution and you have done me a gross injury in the remarks you have just uttered."

VIRGINIA ON ENDURANCE RUN.

Rockland, Me., Nov. 23.—The battleship Virginia started on her four hours endurance run today. From Whitehead to a point off Monhegan Island, where the straight way southerly course begins, the battleship increased her speed and when she entered the course probably was making close to 19 knots. Before the warship left, it was the general opinion of those on board that she would make about 19.5 knots.

S. has intervened in the country's financial affairs and which has resulted in an improvement of that country's economic conditions. He had no official news of any revolutionary movement.

BREWERY WORKERS

Bitterly Opposed to Method of Settlement by Arbitration

FEDERATION OF LABOR

Demands That Hereafter All Members Not Eligible Be Refused.

Pittsburg, Nov. 23.—The dispute between the Brewery Workers' Union and the Engineers, Firemen and Teamsters Unions was up again before the American Federation of Labor at this morning's session.

The question was on the adoption of substitute resolutions by Secretary Morrison in place of the resolution adopted last year at the San Francisco conference.

The substitute provides for the settlement of the trouble by arbitration by the Central Unions and its adoption was bitterly opposed by the Brewery Workers.

It was charged that the Brewery Workers' Union accepted members properly belonging to the other three unions. The San Francisco resolution prohibited this and the penalty was the revocation of their charter.

The agreement [illegible] was agreed had not been lived up to by the Brewery Workers Union, and while their charter was not demanded, the other organization asked the conference to compel the Brewery Workers to refuse members not eligible to their union.

The indictment also charges that Cahill committed perjury when examined on the foregoing charges before Supt. of Elections Morgan. Cahill pleaded not guilty when arraigned in court today. Bail was furnished.

ANYBODY HERE

Fifty Shots Fired During Which One Murder Was Tabbed.

LITTLE NAPLES. SCENE

Of Bloody Past Election Encounter in Tough New York District.

Quarrel Over Money Division Was Original Cause of the Fight.

New York, Nov. 23.—Election frauds are believed by the police to have caused the murder last night of W. F. Harrington, in the Little Naples dance hall and also the probable fatal injuries of Abraham Juckerman who was found with a fractured skull some distance away from the Little Naples. The dance hall is at 57th and Great Jones streets, and is conducted by Paul Kelly, leader of an east side gang. From papers found on the dead man and from information obtained from the prisoners, who were arrested after the murder, the police learned that the quarrel started over election matters. One of the prisoners had a marked ballot of the last election in his pocket. Harrington was killed in the bar room of the Little Naples during a revolver battle which left the floor spotted with blood. Bartender Scott, one of those under arrest said, that the fight started when four members of the Liberty Association which is hostile to the Kelly gang, entered the room after midnight. One of these men Scott says, immediately ordered drinks for the whole crowd, and when everyone was drinking, he insolently pounded with his fist on the bar and exclaimed: "My best friend was shot here Tuesday morning. Are there any of you here who knows how to shoot? If you do I'd like to have you begin."

The challenge was accepted and in the battle which followed the police say about 50 shots were fired. When the officers arrived, Harrington was dead on the floor and all the others including those wounded in the dance hall had fled after turning out the lights. The dead man's dog was found crouched over his master's body and whining.

The police say that the friend of the liberty gang whose name was made the pretext for the fight is John Ratta who was wounded at the Little Naples last Tuesday morning. The police also believe that a quarrel over the division of election money was the original cause of the fight.

One hundred and fifty true bills against Dougherty have been returned, 137 of which still stand. The trial has been set for early next week.

Dr. Chiles was rebailed in the sum of $10,000 and Franklin in the sum of $1,500.

SHOT HIMSELF

After Having Committed Murder.

Body Was Found Near the Spot Where His Victim Met His Death.

WOMAN IN THE CASE.

Murderer Was Infatuated With Sister of the Man He Laid Low.

Deed Followed an Ineffectual Effort to See Object of His Love.

Niack, N. Y., Nov. 23.—The body of Wm. H. Jones, who last night shot and killed Harry Britton and wounded Frank Britton was found this morning at the rear of the Baptist church near the scene of last night's murder.

Jones had shot himself through the heart, a revolver being found near the body. The discovery of the body followed an all night search for Jones which began soon after the shooting at the Britton home. It is believed that Jones after wandering for several hours returned to the vicinity of the Britton home in the hope of seeing Jessie Britton and not being able to safely approach the house decided to kill himself.

The murder and suicide followed an attempt of Jones to see Jessie Britton, with whom he was infatuated. Her brothers refused him admittance to the house where upon he drew a revolver and began firing. Harry Britton was killed instantly and his brother Frank, was severely wounded. At the hospital today it was said that Frank Britton would probably recover.

Jones was a decorator employed in a local painting shop. He was about 25 years old and claimed to be a Cuban.

PIERSON CASE

Given Full Explanation by Dr. Pierce.

President of Kenyon College Makes Public Details of the Investigation

MADE BY AUTHORITIES

Fraternity Men Are Absolved From Misdoings in Pierson Death.

Bridge Was Not Cleared by Order of Any Group of Students.

So much of a sensational and unjust character has been published by the newspapers of the country, concerning the unfortunate death of Young Stewart Pierson during his initiation into the D. K. E. fraternity, at Kenyon College, and so many unmanly and contemptible slaps have been given with the view of their militating against the splendid growth of "Old Kenyon," that we deem it only fair and right that the statement of Dr. Wm. F. Peirce, president of the Kenyon College should be given to the public to correct existing erroneous impressions.

Dr. Pierce submitted his statement to the Mt. Vernon Republican-News in the following words:

Editor Republican-News:

My Dear Sir—Believing the coroner's finding in the case of Stuart Pierson to be entirely mistaken, I ask leave in the interests of justice to present the following facts, which in the eyes of the authorities of Kenyon College absolve the students from any charge of misdoing.

On the night of the 28th of October at nine o'clock the candidates for initiation into the D. K. E. fraternity, among whom was Stuart Pierson, left the college dormitory, each one carrying a basket with fantastic contents to the solitary rendezvous appointed for him. Pierson, saying goodby to his father, who, as an alumnus of the chapter, was present for the initiation, set out in pursuance to directions for the end of the railway bridge, to await there the arrival of a committee from the fraternity. The point to which he went is not a narrow or dangerous place, but an embankment of considerable width, which could not be considered a dangerous place of meeting. By night it is perhaps eight minutes walk through the woods from the college dormitory. Stuart Pierson went there alone, and there is no evidence that he saw or met any one after leaving his father at nine o'clock. His watch, which was broken in the accident, stopped at 9:41.

Almost immediately upon the departure of the freshmen the active members of the fraternity, with their alumni, including Stuart Pierson's father, went in a body to the fraternity lodge, which is about a mile in an opposite direction from the railroad, stopping a few minutes on their way at a bakery. At the lodge a meeting was held to make arrangements for the coming exercises. Committees were appointed to go to meet the several candidates for initiation, Mr. Pierson declining the invitation that was given him to go for his own son. The committees separated not earlier than 9:40 at the lodge, a mile from the railroad bridge.

The committee appointed to meet young Pierson consisted of F. R. Tschan, the college organist, who was graduated with honor from Kenyon College last June, and is now a student in the theological seminary; A. E. York, '07, a mature fellow of twenty-three or four, whom Mr. Pierson had selected as a suitable room-mate for his young son; and Herbert Browne, a former member of the chapter, a married man with a family, who is in business in Zanesville. The master of ceremonies was A. K. Taylor, '06, a son of the late Bishop Taylor, of Quincy, who like the other men involved has the universal respect and regard of the college community. Apart from the character of the students, however, the testimony of the dead boy's father thus proves an alibi for every member of the fraternity.

At 10:15 York reached my house and the story that he then gasped out is identical with that told by every member of the committee and the chapter ever since. At the end of the bridge between the rails the committee found the basket with its contents undisturbed, but the boy was not there and made no reply to their whistles and calls. In the thought that he might have crossed the bridge they started across themselves, only to stumble upon his body perhaps sixty feet from the entrance. Hearing the whistle of an approaching train, they hastily carried the boy off the bridge with considerable danger to themselves. At this point they heard the college clock strike ten.

My first act was to summon Dr. Irvin Workman, of Gambier, and ask him to go to the bridge. Upon his arrival, he found Tschan and Browne standing by the body in the darkness. He sent one of them to the college pumping station near by to procure a lantern, and with the assistance of Edward Gorsuch, the engineer in charge of the station, prepared the mangled body for removal. There were no traces of bandages or ropes on the bridge or on the body.

Meanwhile I had sent a message for Mr. Pierson and myself broke the awful news to him. His first thought naturally was to get the boy home to his mother as soon as possible, but the next day being Sunday there was no regular train which would reach Cincinnati until after dark. At his most earnest entreaty I secured a special train and arranged with the doctor and the undertaker to prepare the body for removal, they agreeing to report to the coroner. The train left Gambier about four o'clock Sunday morning.

Stuart Pierson's body was prepared for burial at my house, and it is the concurrent testimony of Dr. Workman, the physician, H. C. Wright, the undertaker, Edward Gorsuch and myself, all of whom were in the room most of the time during the preparation of the body, that there were no marks of a character to excite the suspicion that the boy had been tied. The coroner admits that in his examination of the body in Cincinnati he looked only at the ankles and wrists. Having myself seen every dreadful detail of the boy's injuries, I am prepared to assert that the wounds on the right wrist could be understood only in connection with the general condition of the whole body.

On Sunday morning the coroner, who lives in another town, was summoned by the doctor, and at the time of his arrival I had assembled all the persons who knew anything about the affair, but he had little to say to us and did not even come to my house to take possession of the boy's clothing. He expressed his annoyance that the traces of the accident had been washed from the track. This had been done on his own responsibility by Frank Dial, the village marshal, who wish to disappoint morbid curiosity. Sunday night, however, the coroner went to Cincinnati, and though given possession of the house by Mr. Pierson made only the superficial examination of which I have spoken, and began to give out sensational conjectures.

In conclusion, I should contradict in detail some of the falsehoods and perversions of the truth which have got abroad:

First, it is not the custom of the Delta Kappa Epsilon fraternity, nor of any other fraternity in Kenyon College to tie its initiates to the railroad track, nor has there been an instance of the kind known. Barber, the Kenyon freshman who is quoted as having testified to such treatment, never made such a statement.

Second, the members of the D. K. E. fraternity did not make inquiry from the station agent about the train schedule for that night.

Third, the bridge was not cleaned by order of any group of students.

Fourth, I am not, as alleged, a member of the Delta Kappa Epsilon fraternity, or of any other.

Fifth, there has been no attempt on the part of the college authorities to stifle investigation. On the morning after the accident the fullest inquiries were made by the secretary of the faculty and myself, and we sent out accurate reports to the papers, concealing nothing that we had learned. It is also false that either the students or I failed to respond to subpoenas. Indeed additional witnesses were summoned at our suggestion.

Stuart Pierson's death is a mystery, for the point to which he was sent is not on the bridge, neither is it in appearance a dangerous place. The only possible explanation is that the boy, who had been up all the night before awaiting for his father, who arrived on a belated train, fell asleep, and, waking suddenly, in confusion got into the path of the oncoming train.

Yours truly,

WM. F. PEIRCE,
President of Kenyon College.

GOLD DRILLED

From the Various Golden Coins.

A Supposed New Swindle Being Worked and the Bankers

ARE OFTEN THE LOSERS.

South Lima Has a Woman Who Needs Careful Watching.

Birth Notice, Sick List, Social Events, and Personal Mention.

"It might be well to mention the fact that besides the circulation of counterfeit gold coins in this community, there is another swindle being worked which reduces the value of the genuine Uncle Sam variety of gold coins," said a south side citizen last evening, in conversation with a Times-Democrat reporter.

"It is not expected that the writer could recognize a gold coin if he should see one, but he came in contact with one once, in the hazy past.

"The supposedly new swindle is worked by taking a gold coin and with a minute drill penetrate the rim to a certain depth in several places, then fill the hole with lead and cover the opening with bronze. Should a man ... and gather up several gold ... each day, and "borrow" from ... he could probably make a good ... as the precious metal taken ... each coin would amount to quite ...

"It might be that this scheme is worked in order to get a cover for counterfeit coins.

"At least, so the informant said, there have been several of the punctured gold coins discovered by a local ... and yesterday two more were ... Whether the drilling is being done in Lima or not, matters not, but the defacers of Uncle Sam's coins should be apprehended.

Carefully examine each and every gold coin that may come in your possession.

A VULTURE

In Human Form Is This South Side Woman If Reports Are True.

Another matter came to the notice of a Times-Democrat representative this morning which, if true, demands immediate action on the part of the authorities, as according to evidence now in hand, south Lima is the home of one of those human vultures, a procuress, who seeks and lures away girls of tender age, and places them in brothels of other cities.

Not long ago this female attempted a criminal operation on a neighbor woman, and the result was that a two-fold murder came near being committed. Fear taking possession of both parties, a "doctor" was called. After the doctor's arrival, another neighbor woman was called, and upon asking "what was wrong" was informed by the fiend that "her friend had had a fit," whereupon the doctor remarked: "Why don't you tell the truth. Such people as you are a detriment to common decency."

The woman operated upon recovered, and the matter was dropped for some reason or other.

This morning, a young man, who is a particular friend, came to the writer and told him that this female had solicited his sister and another young woman "to go with her to Dayton and enter the resort of a friend; and offered all sorts of alluring temptations.

The parents of one of the young women approached are seeking a plan by which this fiend in female form be prosecuted to the very limit of the law.

It is only a matter of time until the names, facts, etc. will be made public, and decent people can rest assured that at least one "pit-fall" has been removed from their midst.

Among the Sick.

Quinsy is causing Mrs. E. R. Curry, of west Kibby street, a spell of sickness.

Louis Murphy, of Oak street, is seriously ill.

Rheumatism has prostrated Mrs. Irvil Brentlinger of south Pine street.

Relief From Asthma.

So many people suffer from asthma that this simple relief will be quite welcome to numerous Times-Democrat readers: Soak some white blotting paper in a strong solution of saltpetre, dry it; take a piece about the size of your hand, and on going to bed light it, laying it upon a plate in your bedroom. By this means persons badly afflicted with that painful complaint, asthma, will find that they can secure undisturbed sleep almost as well as when in health.

An Oyster Supper.

Last evening, at the home of Mr. and Mrs. John Cosart, on east Second street, an oyster supper was served to about thirty guests and a general good time resulted.

Among those present were Mr. and Mrs. Charles Cosart, Mr. and Mrs. C. M. Tharp, Mr. and Mrs. Louis Schuler, Grandma Schuler, Miss Marie Tharp, Miss M. F. Cosart, Frank Crawford, C. W. Hoon, Thomas Cosart, Frank Cosart, O. S. Cosart, L. L. Cosart, Chas. W. Cosart, James Cosart, Vernon Cosart, and Arthur Cosart.

Music was furnished by Charles Cosart, the violinist.

Estella Rebeccas Feast Again.

Yesterday morning, Mrs. J. K. McClurg, of south Metcalf street, received a large bundle of meats to which a note was pinned, which read: "Put this on to cook, and I will bring my family for dinner." Mrs. McClurg obeyed, and while preparing the meats for a boil, about forty Rebeccas came marching into the house, and announced that they were going to sew for the benefit of Mrs. S. S. Dingledine, who was recently burned out. The result of the day's labor was fifty-two pounds of carpet rags, two fine comforts, and several pieces of clothing. Forty-two adults and twelve children partook of the noon-day feast; the little folks being served at table to themselves, and looked after by Mrs. Grant Kelly and Mrs. G. A. Herrett. The occasion was a very enjoyable one indeed.

Among those in attendance were Mesdames Wm. McElvane, J. R. Smith, J. B. Lonnison, Lottie Cosart, C. M. Tharp, N. M. Sutherland, J. F. Curry, Phillips, S. S. Dingledine, Clem Eyster, Bert Morris, Oscar Dixon, Eaton, Myers, Crull, Shultz, Brown, another Mrs Smith, J. J. King, G. G. Graves, Elmer Green, E. L. Kraft, Sr., Wm. Keifer, Andy Warner, Wm. Wade, Grant Kelly, A. A. Bishop, G. A. Herrett, Mrs. Harper and Baldy Smith.

Music for the occasion was furnished by Mesdames Herrett and McElvane.

Revival Notes.

Rev. H. G. Scudday's work at the Grace church closed last night, but the meetings will be continued by the pastor. During Mr. Scudday's stay there were 90 boys and girls, several adults, and a few backsliders started on the road to a better life. Good audiences are in evidence at every meeting.

Rev. Harry Hudson, of New York, who is conducting the work at the south Lima Baptist church, is very much pleased with the prospects of a big revival, and much interest is being shown already.

Short Notes.

The Tuesday Evening club met with Mrs. John Kenyon, on east Circular street, and got busy at needle work. The afternoon was very pleasantly spent, and three new members were added to the roll.

Mr. and Mrs. Wm. Foltz, of Bear Lake, Michigan, are guests of the E. Stukey family, on south Union street.

Born to Mr. and Mrs. J. B. Knowles, of south Jackson street, a boy.

Mesdames Frank Emley and Gus Hendricks, of Huntington, Ind., visited with Mrs. E. W. Stover, of south Pine street, yesterday.

Somebody borrowed Smiley Wolff's bicycle from in front of the Times-Democrat office last night, but when through with it, returned it to the rack, where it was found this morning.

Jamestown, Ohio, relatives will entertain Mrs. J. B. Littler, of Grove avenue, and Mrs. Ed. McElroy, of east Kibby street, until after Thanksgiving. They left this morning.

Engineer Charles Greenland, of south Elizabeth street, is still improving from the serious scalds received in the overturning of his engine at St. Marys.

Yesterday afternoon Wm. and Asa Bacome, rubber boots, overalls and an army of dogs went to the woods in search of game. Must have got lost as they have made no reports. Maybe they are ashamed of their luck.

Bert Hall and Frank Lewis are roaming the woods near Kansas, O., in search of something to shoot at. Lookout for them they will be home tomorrow and excitement will run high.

THE STAGE.

Sensational mysticism as portrayed by the elder Dumas and other great novelists, is the predominating key of "The Queen of the White Slaves," the stirring melodrama which A. H. Woods, formerly of the firm of Sullivan, Harris & Woods, brings to the Faurot opera house, Saturday afternoon and evening.

The play was written by Arthur J. Lamb in four acts and sixteen scenes and is described as being a gigantic cyclone of sensational incidents, without giving offense to the morals of any theatre-goer.

—:o:—

Clergymen of all denominations will join with the laity in admiration of the character of Father Daly, the clerical role in which Mr. Daniel Sully appears in his new play, "Our Pastor"; this shepherd of a wild and wayward flock meets with the trials and tribulations, the cares and anxieties, the crosses, disappointments and malicious opposition that are familiar to all those who devote their lives to the spiritual welfare of their fellowmen. He bears his burden, however, in a light-hearted manner and is always ready with a laugh and a joke to lighten the burdens of others: in the face of danger his courage and coolness compel the respect of his most bitter enemies. Mr. Sully in "Our Pastor" will be the attraction at the Faurot opera house this evening.

"THE OFFICE BOY."

Frank Deshon in his humorous musical comedy, "The Office Boy," will be with us very soon. Mr. Deshon continues under the direction of the Nixon & Zimmerman Opera company. The piece was one of the most amusing of last season's theatrical offerings. In a series of comical adventures it tells the story of an office boy whose ambitions soar above his lowly positions in life. The libretto is spoken of as amusing, the music is described as pretty, and in the title role, Mr. Deshon has, it is claimed, one of the best parts that has come to him in his stage career. "The Office Boy" was one of the remarkable success of last winter in New York, Philadelphia, Boston and Chicago. The original production will be brought here intact, so it is promised. Mr. Deshon's supporting company, it is stated, numbers over half a hundred people and his cast is a clever and talented one.

WEATHER.

Washington, D. C., Nov. 23.—For Ohio: Fair and warmer tonight; Friday rain.

After reading of the private car rides of the McCurdy family, and George E. Tarbell, as made public through the insurance investigation, there is is a growing disposition to shy at people who adopt that mode of travel.

The parents of Lima are already whetting their knives for the Bird school board, and the legislature will have to hurry up school code reform legislation, if it wants to beat the parents in putting that political body out of business.

The last time democrats had control of the legislature they passed a county office salary bill. The ensuing legislature, republican in its make up, repealed it. The necessity for a continuance of a democratic legislature is therefore self-evident.

The thousands of good democrats who are applicants for positions when Hon. John M. Pattison becomes in reality, governor, should remember that the number of positions to be filled does not exceed fifteen hundred and that somebody will have to be disappointed.

The county auditors of the state held a meeting in Columbus yesterday and gave to the proposed salay bill for county officers their approval. They will, however, endeavor to get the best possible salary consideration out of it.

The salaries in the various counties will be graded on a population basis.

The inaugural ball which in former years has been made a feature of the induction of a new Ohio governor into office will not be a ball at all this year. The waxed floor, inspiring music, a plethora of flowers and beautiful women in gorgeous gowns, will be there, but there will be no dancing. It will be just a plain reception, without "a spike" in the punch.

The republican city auditor seems to think the reputed republican organ doesn't always stick to its original text. At least he quotes a few sections in which it contradicts itself on the subject of remodeling the city building and providing new fire and police headquarters.

We are pleased to know that Mr. Beam has found out that which the public has realized for sometime, and that is that "The Governor" is changeable and unreliable in his statement on public questions, and about public men when politics enter into them.

COL. WALDORF TALKS.

Col. George P. Waldorf, internal revenue collector in discussing the recent upheaval with a representative of the Toledo Courier-Journal, said:

"Individual ambitions and desires must be subservient to the general good. Our leaders must be clean and straight men with character as in business, society or the church.

"As to a new leader or leaders in Ohio; there need be no undue anxiety about that. We have strong men who have been and are still potent in their influence in every quarter of the state. Senators Foraker and Dick are able and worthy statesmen, who are entitled to the aid, sympathy and support of Ohio republicans, and they have won leadership by distinguished service and there is no reason why they should be discredited.

"Secretary Taft, who is one of Ohio's able sons, will have a healthy influence in the state for clean politics and methods.

"Many others could be mentioned who are equally patriotic and desirous of making Ohio republicanism shine for good works.

"As we are to have very little politics for the next three years, owing to the new amendment of the constitution providing for biennial elections and separating county and state elections from municipal elections, there is little need for much haste in putting up another machine as there is little or nothing to manage.

"It may be well to have it understood that in the future Lucas county republicans will nominate their ticket in the broadest and fairest way that can be devised, without the domination of any central organization, and that the efforts of the republican organizations, clubs and otherwise, will be confined to electing the tickets when nominated."

James R. Alexander, a brilliant young newspaper man of Newark, is being "boomed" for Governor-elect Hon. John M. Pattison's private secretary.

A visit of high officials of the C. H. & D. which was made on Sunday last has just leaked out in railway circles, though it was seemingly held strictly in reserve.

The visit it is stated included the new general manager, Assistant General Manager A. J. Stone, General Superintendent J. A. Gordon and their staff, including chief clerks and stenographers. The party inspected minutely the general shops here, but the cause of their inspection is unknown, save more than as given out that it was for the purpose of acquainting Mr. Stone with his jurisdiction.

One of the heads of the shop departments, however, is of the belief that the visit had more behind it than this, and that it was for the purpose of acquainting the gentlemen thoroughly with the shops here as a possible point for general concentration, not only of all C. H. & D., C. C. & L. and car work of the P. M., but also for the Erie main line. There is reason for such a belief, which if true would mean much for Lima. The Erie has no shops the equal of those in Lima, this side of Buffalo. The Huntington and Marion division shops are but miniatures beside the Lima shops, and more, Lima being a junction of the Erie, it would require but little greater effort to bring repairs and turn out new work here than it would at any other place. It would mean more men and a steadier run of hours. It would mean one of the biggest commercial boons which come Limaward.

ADDING NEW MEN

Car Department Is Slowly Recruiting Employes.

While neither the freight or car departments of the shops under Master Car Builder Lowrie have been operating under a full force, it is given out that a number of men have been recalled to duty in the freight car department, and that this will soon be going full blast again under the nine-hour schedule. There are a number of old men temporarily off in the coach department but work in this department is growing heavier each day, and additional men will be added steadily throughout the winter months.

"HOME ON WHEELS"

Will Private Car Be For Superintendent Gordon.

The new private car of Supt. J. A. Gordon, of the C. H. & D., a luxury not enjoyed in recent years in that department, will soon be ready for service. It will be known as "No. 8" and the men who have been engaged on it claim it will be the pride of the central west. It is being finished in mahogany and walnut and has drawing and observation, dining sleeping and library accommodations, in fact is a "veritable home on wheels." This car will be ready for General Superintendent Gordon on December 15th and immediately it is placed in service car No. 7, now known as the manager's private convenience, will be run into the local coach department and made a shade handsomer than even No. 8.

BANQUET TO POOLE.

Local Passenger and Freight Agents Have Arranged It.

The local passenger and freight agents, steam and traction, have arranged for a fitting farewell banquet to be given Saturday evening at 8 o'clock in the Lima House dining rooms, in token of the high esteem in which Freight Agent E. E. Poole, of the Lake Erie & Western has been held here. Mr. Poole leaves on Monday next for his new duties with the New York Central Lines at Cleveland, and is succeeded here by Carl Fletcher.

TWO AND A HALF HOURS

Late Was the Newspaper Train This Morning.

No. 2, known as the newspaper train, pulled into Lima at 10:30 this morning. It is given out that they were held up by theatrical business, no greater affair having delayed it.

CAR SHORTAGE.

New York Central Freight Offices Are Busied.

H. H. Fulton, traveling freight agent of the New York Central lines, who came here from Detroit with Assistant General Freight Agent Thomas Baker, is kept on the jump these days. The offices have been thoroughly warmed in the Faurot block, and the business of the road is only limited by the ability to deliver cars. Heavy shipments of grain are being made East, and throughout the territory of the Lake Erie & Western large consignments of hay are being held back for want of cars. Where ten and twelve cars are ordered, it is only possible at present to deliver from two to four.

BRIDGE NOT READY

Cars Running Out Of Lima on the Findlay Line.

Electric work trains are now running on the Western Ohio from Lima to Mt. Cory, the first train reaching there Wednesday night. The service is not continuous from Lima to Mt. Cory as the large overhead bridge across the C. H. & D. is not yet in place. It has been ordered for some time but has not yet been shipped. Unless it is received very soon it is altogether probable that cars will be running from this end of the line first. —Findlay Republican.

CALLED EAST.

Something Seemingly Doing In C. H. & D. Circles.

The Enquirer this morning gives "headed" space for the chronicling of the fact that the general manager, general superintendent and other officials received peremptory orders last night to go to New York. That something is brewing is intimated, but what it is is yet to be developed.

STATION COMPLETED.

Only the Slate Roof is Left to Finish Up the Work.

The work of remodeling the union passenger station is about completed. The train shed is all up, and the workmen are now engaged at the slate roofing. The concrete platform has all been finished save for a back strip between the depot and baggage room. All along the line some two hundred Italians are now engaged in repairing the road bed and in the crude labor in other branches of the system.

SAFE WAS UNLOCKED

And the Robbers Secured About Forty-Five Dollars in Cash.

WALTER BROS. STORE

The Scene of a Burglary That Was Committed Last Night.

Some time last night the cigar store of Walther Bros., situated in the Fisk block, at 404 north Main street, was the scene of a burglary in which the robbers had an easy time in securing all of the cash that was on hand in the establishment. They secured the sum of about forty-five dollars in cash and did not have to go to the trouble of either breaking a lock or opening a window.

Whoever committed the robbery is supposed to have adopted 'Lige Bowsher's tactics and permitted himself to be locked in the back room of the cigar store and after the proprietors had locked up and gone home for the night, he stepped to the safe, opened it and took out all of the cash he could find. He evidently then made his exit by opening a door that was closed with a spring lock for there is no evidence of any door being forced from the outside or inside or of a window having been opened.

The proprietors of the place had not only locked the robber or robbers in the room when they went home, but they were accommodating enough to forget to lock the safe in which they had placed the money.

"The Larger the Cheese, the Finer the Flavor."

That's an old saying. The enormous cheese now on exhibition at our store is the famous Crawford make, so the many good qualities of the Crawfords of ordinary weight are to be found in this unusually large one, together with the added quality that comes from its great size. Come and see this big prize-winner.

So much labor and expense are involved in making a cheese like this Colossal Crawford, that it can not be sold for the same price as the smaller ones, but it is well worth the difference. Like the regular Crawfords, 'tis a soft, smooth, rich full cream cheese, with the most appetizing flavor that comes with right making and right curing.

The Big Blue Ribbon Cheese will be cut Wednesday, Nov. 29th, and delivered to our trade for Thanksgiving Day.

No other table delicacy is in greater demand or harder to obtain than good cheese, so we feel certain that you will want a piece of this Colossal Crawford. Leave your order today.

BAXTER PLACE

The Scene of a Notable Gathering.

For "Auld Lang Syne," Sixty Invitations Were Issued

AND THE RESPONSES

Found Forty-Six Dear Old Friends Around the Dinner Table.

Mrs. S. A. Baxter Hostess for Friends of Ye Olden Days.

"Make new friends but keep the old" was beautifully portrayed yesterday afternoon when Mrs. Samuel A. Baxter gave a luncheon of forty-six covers, her guests being confined to those who have spent most of their lives in Lima and have seen it grow from a small hamlet to its present creditable proportions.

For such an event, a more beautiful autumn day could not have been desired, a more ideal spot than Baxter Place could not have been imagined. The small tables were beautifully laid, the decorations being carried out in red and green, deep red carnations marking the covers and given as favors. Seated about the tables were these friends of long ago, some of whom had not met in many years, time dealing with them all very gently, the youngest member of the company being sixty-four years of age and the eldest scarce appeared as one who had just celebrated her eighty-sixth birthday.

Of the sixty invitations issued a remarkably large number responded and the place cards revealed the names of Mrs. Maria Crippen, Mrs. Mary B. Baker, Mrs. Richard Metheany, Mrs. Martha Metheany, Mrs. Margaret Baxter, Mrs. E. E. Selfridge, Mrs. G. Hackedorn, Mrs. Jane Holmes, Mrs. Martha J. Ballard, Mrs. Jule Churchill, Mrs. Wm. Bell, Mrs. T. R. Hazzard, Mrs. Cornelius Parmenter, Mrs. Mary Josephine Armstrong, Mrs. Jonathan Custard, Mrs. Mary L. Fredericks, Mrs. D. C. Hurlburt, Mrs. Wm. L. Jones, Mrs. M. J. Jones, Mrs. Joseph Potter, Mrs. Josiah Williams, Mrs. Clara Metzger, Mrs. Robert Mehaffey, Herring, O.; Mrs. Francis Gray, Piqua, O.; Mrs. Wm. Sanford, Mrs. Moses Hoagland and Mrs. Samuel A. Baxter. Regrets were sent by Mrs. Frank Ashton, Mrs. B. Gorton, Mrs. Jacob Moser, Mrs. P. Adams, Mrs. W. R. Colvin, Mrs. F. Cahill, Mrs. Nannie W. Hughes, Mrs. Belle R. Ross Dalzell, Mrs. Jane E. Gray, Mrs. E. W. Mosler, Mrs. McCauley and Mrs. Timberlake.

The following delicious menu was served:

Bouillon	Cheese Wafers
Chicken and Mushroom Patties	
Baked Ham	Parker House Rolls
Pickles	Olives
Gelatine	
Bisque Ice Cream	
Angel Food	White Cake
	Salted Almonds
Coffee.	

During the afternoon, an informal program with readings by Mrs. Roy ..., piano numbers by Mrs. Harry ... and vocal solos by Mrs. C. Baxter were features of genuine delight, each selection being most appropriate to the occasion and received with a familiarity born of other years. The guests lingered until the twilight began to fall, but before parting all gathered around the piano and sang "Auld Lang Syne" "Annie Laurie" and a number of other songs which awoke memories of long ago that never grow old, and the music will vibrate in the memory for days yet to come.

ATTENTION VETERANS!

Old soldiers, whether members of the post or not, should read Commander Diidine's order in another column, regarding valuable prizes offered by State Commander Huffman, and act accordingly. Mart Armstrong Post has made a splendid record in new recruits this year so far, and stands in a fair way to capture the first prize. There are hundreds of veterans in Allen county who are not members of any post, who ought to enroll themselves at the first opportunity in the ranks of the G. A. R. There will be a special meeting Saturday, November 25th, of Mart Armstrong Post as a "General Rally Day" of veterans of the civil war, for "muster in" and it ought to be a great day for the old boys, when, with flags flying, drums beating and enthusiasm at top notch the veterans take anew the step to the music of "The Girl I Left Behind Me" and "Johnny Comes Marching Home." Fall in, boys.

THE SURPRISE

Of the Burton Case Was Sprung Today

When the Government Introduced Former President Brooks,

OF RIALTO COMPANY.

Brooks Told of an Interesting Conference With Burton.

Prosecution Also Has But One More Witness to Introduce.

St. Louis, Mo., Nov. 23.—The government provided a surprise in the trial of United States Senator J. R. Burton, of Kansas, charged with being the paid attorney for a corporation in matters pending before the post office department by introducing as a witness today, Chas. M. Brooks, former president of the company, which was the predecessor of the Rialto company, and former president of the National Securities company. Brooks testified that at a conference between Senator Burton, R. H. Kaistor and himself, the senator was introduced by Kaistor, who said the senator was willing to represent the National company. Brooks said he did not see how the Senator could be of any use to him.

"Kaistor replied," continued the witness, "here is the man," (pointing to Burton) "Who defeated your fight against Major Dennis, president of the Rialto Co., preventing the issue of a fraud order by the postoffice department."

"I replied that in that case it might be well to employ Senator Burton, as Kaistor assured me that all speculative companies in St. Louis were under investigation and that trouble might be made for me.

"There was some minutes discussion between myself and Senator Burton as to terms and other matters, but no definite arrangement was reached."

The government also brought out the fact that Brooks is now awaiting a decision of the court of appeals on his conviction on a charge of conducting a scheme to defraud in connection with the National Securities company.

On cross examination the defense attempted to show that the testimony of Brooks was secured by certain promises of immunity made by the federal authorities. Brooks denied this.

The government then asked permission from Judge Van DeVenter to introduce one additional witness upon his arrival in the city and with this exception Col. Dyer announced that the prosecution had completed its case. Attorney Lehmann objected claiming the defense had the right to know the prosecution's entire case before attempting to controvert it.

Judge Van DeVenter ruled that if the witness was on hand at the reconvening of the court at 2 p. m. he could be heard, but at that hour the defense should begin.

RECEPTION

Was Given Rev. Geo. B. Laird and Wife.

The members of the congregation of the Market street Presbyterian church last evening tendered an informal reception at the church parlors to their new minister, Rev. Geo. B. Laird and wife. The handsome parlors of the church were thronged from 7:30 to 9:30 o'clock by the members of the congregation, extending to Mr. Laird and his charming wife, a cordial welcome to the church and to the city.

Rev. Laird has for several years been the pastor of one of the Presbyterian churches in Toledo, from which position he resigned to fill the vacancy in the pulpit of the Market street church, caused by the illness of Rev. E. J. Thompson. Rev. Laird preached his initial sermon to his new charge Sunday morning, on which occasion he delivered an able and scholarly sermon, which delighted all who were fortunate enough to hear it.

The Times-Democrat, speaking for the community at large, extends a hearty welcome to Rev. Laird and his interesting family.

Temporary Restraining Order Not Allowed.

Court Decides the Second North Main Street Litigation.

NEW CASES ASSIGNED

Among Them That of the Contest of the Wheeler Will.

General Routine of the Courts and Other Legal Matters.

Judge William H. Cunningham this morning made his second decision in the north Main street litigation of property owners. This was the suit brought by John McClellan, as a taxpayer, having as its prayer, a restraining order to prevent the Lima & Toledo and the Lima Electric Railway & Light company building a double or second track from Wayne street to Murphy. The legal points were gone over carefully once more, and the decision was against the plaintiff, no temporary order being allowed.

"Does this end the matter, or will it come up on its merits?" was the query of the court.

"This amounts practically to a formal order, though error may be prosecuted," replied the court who said he saw no reason why a trial should be engaged, as he thought all the testimony was introduced at the preliminary hearing that would be called at a final hearing for permanent injunction.

WHEELER WILL CASE

Among Those Assigned for Close of September Term.

Judge Cunningham has made assignment of a number of cases for the close of the September term and among them is that of Nelson Wheeler and others vs. Milleretta Wheeler, et al., now deceased. This action is an appeal from the probate court in the test of the will of the late John Wheeler, and has been assigned for November 28th, and will be defended by Dr. Wilson Watson and foreign counsel.

Other assignments made were as follows:

Assessors Need Have No Fears of Danger of Delay.

Though the state law requires that all assessors must qualify within a period of ten days after their election, this has worked a general hardship and in many instances has proven impossible. In Allen county there are a number of assessors who have not as yet qualified, but some of these are in townships where the trustees have not held a meeting since election. In the city the assessors qualified with the city auditor and it is understood all four have complied with the law. The county auditor states he will not hold assessors strictly to the law, and will make no appointments as he has the power to do.

ALLEN LODGE I. O. O. F.

Will Have Its Right of Lease Rental Determined.

The suit of Joseph Thompson, owner of the Central building, who leased the fourth and fifth floors of that building to Allen Lodge, I. O. O. F. against the trustees of that order, Messrs. Emmett W. Mumaugh, J. B. Driver and Harry A. Alberchi is on trial today.

This is an injunction case brought by Thompson to have the trustees restrained from finishing and furnishing the fifth floor and a temporary injunction was granted. The trustees had started to finish and equip the fifth floor, but were stopped by the legal action, and the case is now beard on its merits. The said floor has never been completed, and the lodge holds out they leased it with the fourth floor and are entitled to the use of same, and having requested Thompson to finish it, and he refusing, they went at the work themselves.

Bryan Criticised for Attempt to Purchase the Stool on Which

ADMIRAL TOGO RESTED.

Upon Learning That It Was An Heirloom He Returned It.

Victoria, B. C., Nov. 23.—Japanese newspapers received by the steamer Shamut criticise W. J. Bryan, now visiting Japan, because of his attempt to puchase the war stool upon which Admiral Togo sat when he attended the Shinto ceremony at Tokio to celebrate the naval triumph. The stool which was used for similar purposes since 1607 has been handed down in the Ogasawara family of Chinto priests which family alone has authority to conduct such ceremonials.

As stold by the Vennear, a Japanese newspaper, W. J. Bryan went from Yokohoma to attend the ceremony and asked to be permitted to sit upon a seat of such good omen. No objection was made but, so the story runs, Bryan then tried to purchase the heirloom. As it had been a sanctity in Japanese eyes there was only indignation. The owners replied indignantly that the war stool was not for sale. The Jiji Shimpo says the chair was finally handed over to Mr. Bryan, at his earnest request, after a family consultation of the Ogasawaras. Learning after leaving Tokio of the special character of the chair, Mr. Bryan returned it to the mayor of Tokio with a letter explaining that he had no idea of the stool's exceptional value to the Ogasawaras family and under the circumstances should not think of retaining it. One Tokio paper says Mr. Bryan secured a common chair upon which Admiral Togo sat in a restaurant in Uyeno park.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it good enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

Quotations on Live Stock, Grain, Produce and Provisions.

New York, Nov. 23.—Prices at the opening stock market moved downwards from last night. Recent leaders of the advanced were prominent in the decline. American smelting lost 2, Penna. Ry. 1; Reading and Lead 1½; Metropolitan securities moved up a point, and Metropolitan St. Ry. a point. Republic steel preferred rose 4⅛ on the distribution of a portion of the accrued dividend.

Cotton Market Weak.

New York, Nov. 23.—The cotton market opened weak at a decline of 8@16 points but attracted a tremendous demand at the decline with one interest credited with purchases of 10,000 bales of March and as much May on the call. Some local professionals, New Orleans and Liverpool centers were sellers, but the market showed little disposition to yield and at the end of the first hour became very active and strong with prices showing a net gain of 8 and 9 points on the active months. The opening decline was due to lower cables, but Liverpool rallied after the local opening and New Orleans after opening lower also advanced sharply.

LADIES' SKATING RACE

at Finley's rink Saturday night between Miss Geiger and Miss Troxel for the championship of Lima. 11*

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her, so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure bronchitis and La Grippe. At H. F. Vortkamp's drug store, price 50c and $1; guaranteed. Trial bottle free.

Not a cent wanted unless you are cured. If you are sick and ailing, take Hollister's Rocky Mountain Tea. A great blessing to the human family. Makes you well—keeps you well. 35c. tea or tablets. H. F. Vortkamp.

A NEW BROTHERHOOD.

(Kansas City Times.)

Half a dozen Kansas City bachelors who see a great deal of one another have organized a unique club. It is called "The Brotherhood of the Jangling Can." Its members are all men who have been "turned down" or "canned" by their girls. To become a member in good standing a bachelor must convince the organization's executive committee that he has been thoroughly "canned." Having done so he goes into the hands of the sympathetic committee, which puts him through a complete course of sympathy—the last he gets. He then signs the following pledge:

"I hereby do solemnily swear that for the rest of my life I shall never show any preference for women unless she comes half way, and never shall I indulge in lovemaking unless she does her share, i. e., half. I promise to work to the end that no woman shall ever have the opportunity to turn me down again—in other words, I shall be indifferent to the opposite sex and pay women attention only when they pay attetion to me."

The applicant for membership is then taught a song called "All Girls Look Alike To Me," after which he is given the motto of the brotherhood, worked on carboard and neatly framed. It is:

To Halifax With the Women.

Beautify your complexion with little cost. If you wish a smooth, clear, creamlike complexion, rosy cheeks, laughing eyes, take Hollister's Rocky Mountain Tea, greatest beautifier known. 35 cents. H. F. Vortkamp.

PEOPLE OF LIMA

A PROCLAMATION BY H. F. VORTKAMP.

Whereas the people of our city have been led to purchase so-called remedies from which they [illegible] no benefit whatever, and having thus wasted their hard-earned money, [illegible] to pass that they know not what to believe.

[illegible] this unsatisfactory state of affairs now exists, **know, therefore, all persons** [illegible] in need of a medicine for any of the following ailments, that we will supply them with [illegible] Cod Liver preparation made without oil, on a **positive guarantee** that if it does not [illegible] in benefiting them, we will refund the entire amount of money they have laid out on the medicine.

There is no one medicine that will cure everything, but there are some we know to be [illegible] reliable and of great curative value. Such is VINOL; it is not a patent or secret [illegible] —everything in it is plainly printed on the label. We are familiar with every [illegible] of it and **know** that it should be a blessing to all persons who have troubles hereinafter described, and, unlike other medicines, it will cost absolutely nothing if it produces no benefit.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe in our hearts will be a blessing to you, and if it is not we will return to you every penny you paid us. Is there anyone foolish enough not to accept this offer? If you are ill and need [illegible] you owe it to your family, to your friends, and yourself to try VINOL, which [illegible] our pledge is a genuine Cod Liver preparation made from fresh Cod's Livers.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed? We certainly could not; **we therefore ask you, our neighbors, friends and acquaintances,** to accept our assurances that this is a genuine offer, and that [illegible] and all persons who need a medicine of this character should feel a sense of security in our offer.

All Run Down—No Appetite. If you feel all worn out, have very little appetite, and not much sleep, caused by over-work or sickness, try VINOL on our guarantee.

Debilitated—All Tired Out. Why drag out an existence without life or ambition. It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you, your money will be refunded.

Gain Flesh—Get Strong. You can get fat without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat. We believe VINOL will create flesh quicker than any preparation containing grease. We have proved in many cases that VINOL quickly creates strength. Try it on our guarantee.

Indigestion—Dyspepsia. Only those who actually suffer know its terrors, for them life is robbed of all joy. It produces many serious complications and enfeebles the entire system. Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

Old People—Weak People need a strengthening and invigorating rebuilder. VINOL is of exceptional value in such cases. We guarantee it to give strength and health to those who are weak and debilitated, from disease or old age. Try it on our guarantee.

Pale Women—Pale Children need a tonic-reconstructor that will create flesh and make pure red blood. Pale, haggard faces show that the blood is poor and thin, and also indicates imperfect digestion. VINOL will correct such troubles as sure as the sun shines. Children love VINOL, it is so delicious. Try it on our guarantee.

Bronchitis—Sore Lungs often end fatally unless specially cared for in its early stages. There is no medicine more valuable for restoring health to the throat and lungs than VINOL. Try it on our guarantee.

Nervousness—Irritability. Diseased nerves are due to over-work, insufficient nourishment or slow breaking down of general health. We guarantee VINOL to permanently and effectually remove nerve affections; it actually rebuilds the entire body. Try it on our guarantee.

Chronic Colds—Hacking Cough. Sure signs of danger ahead. One might as well commit suicide as to let them go unchecked. VINOL is the very medicine needed. Unlike other Cod Liver preparations, it does not upset the stomach, and is delicious to the taste. Try it on our guarantee.

Nursing Mothers—Weak Mothers. If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained. You know the life and future development of the child depends upon proper nourishment.

We stake **our reputation** on this offer being genuine. You will absolutely be under no obligation to us whatever, if after you have given VINOL a fair trial for any of the above ailments and have not received any benefit; you have only to tell us so, and we will return the entire amount of money you have paid us.

You see **our faith** in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable Cod Liver preparation we have ever known, and a wonderful tonic-reconstructor and rebuilder of **strength, appetite** and health, at the same time delicious to taste, **we are not unreasonable to expect you to believe us.**

Average Oil Man Has Faith in the Production of Huntington Co.

Ohio Oil Company Has Three Good Ones in Twp. of Wayne

Indiana Man Has Invented Process for Making Cheap Gas.

Warren, Ind., Nov. 23.—One of the most active of the spots in the Indiana oil field at the present writing is centered in Wayne and Jefferson townships, Huntington county. But few dry holes have been found in either of these townships, and the average oil man has more faith in the location, than in any other section of the state. No gushers like those in the deep sands of Delaware county are found, but the wells have the staying qualities, which goes to make up the scarcity of the once and a while gusher. The Beatty Oil company and the Ohio Oil company are the two most active operators in the field, and they are running nearly half the drilling tools.

In Wayne township, the Ohio Oil company has drilled in wells Nos. 1, 2 and 3 Chenoweth heirs farm, in section 13, and they pumped 30, 60 and 15 barrels respectively. The same companys No. 5 A. King farm, section 34, pumped 75 barrels. The Beatty-Nickle Oil companys No. 10 D. K. Pinkerton farm, section 13, pumped 10 barrels.

In Jefferson township, the Eastern Oil company drilled in a well above the average in No. 18 on the J. and E. J. Young farm, section 21, as it pumped 120 barrels the first 24 hours. Davis & Rishers No. 8 on the W. C. Lawrence farm, section 21, pumped 30 marrels.

Making Gas From Crude.

According to a report from Hartford City, Ind., R. D. Morrison of that city has patented a crude oil engine which promises to bring about a revolution in the propelling power of Indiana factories. The engine according to the report is constructed on a plan similar to an ordinary gas engine, and can be operated at a minimum cost of 10 cents a day. It is simple and economical. It runs with the easiness of a sewing machine, and is strong and durable. The engine makes its own gas from the crude oil, which is fed into the cylinder through a tube attached to a small tank, and is so constructed that the exhaust oil can be used a second time, thus making the cost of operating a very small factor. A local company at Hartford City has purchased the right to manufacture the machine and will build a large plant in or near that city. The engines will be built in from 1 to 100 horse power, as they are wanted.

New Oil Companies.

The R. X. Oil company of Princeton, Gibson county, Indiana, has been launched with a capital stock of $25,000. The company will operate in the Gibson county field, where territory for that purpose has been taken under lease.

The La Salle Oil company, of Geneva, Adams county, is another new addition to the producing fraternity, with a capital of $50,000.

The Colored Oil company, of Hartford City, Indiana has been incorporated with a capital of $10,000, and will operate in Blackford and other counties for oil.

Howard County Development.

There is little doubt that the Indiana Natural Gas & Oil company, whose business extends over a great part of Grant and Howard counties, Indiana, is showing more activity in field work at the present time than all other competitors. In addition to a large number of wells which this company is having drilled in the vicinity of Greentown, a large force of men are at work laying a system of oil lines from the territory adjacent to Upland, where the company has a large acreage of oil producing territory, to the Fowlerton pumping station, which has recently been overhauled and enlarged. While the officers of the company are rather reticent it is the supposition that the oil which they have been selling the Indiana Pipe Line company will now be converted into oil gas by the process which this company discovered. It will yet require many weeks to complete the work mapped out, and it will depend largely on the weather as to whether it can be finished this winter or not.

In Wells County.

In Jackson township, Wells county, the drill is picking up some. The Ohio Oil company's No. 4 Z. Stanton farm section 6, pumped 30 barrels. The Emery Oil company's No. 7 L. J. Jackson farm, section 7, pumped 20 barrels. J. D. Downing's Nos. 6 and 7 R. Cruse farm, section 18, pumped 35 and 50 barrels respectively.

Blackford County Gusher.

In Washington township, Blackford county the Lois Oil company has drilled in a well above the average in No. 10 on the F. Kelley farm, section 9. For the first 24 hours this well pumped 135 barrels. Adams & Barlow's No. 5 C. Christy farm, section 3, pumped 40 barrels, while the Cycle Oil company's No. 7 on the Simon Long farm, section 25, pumped nothing but water, and is listed as a failure.

In Harrison township, the Troy Oil company's No. 5 Shinn heirs farm, section 6, pumped 2 barrels.

Other Indiana Wells.

In Jackson township, Jay county, the Binghampton-Trenton Rock Oil company's No. 6 T. Hardy farm, section 13, pumped 25 barrels.

In Bear Creek township, Jay county, the Eclipse Oil company's No. 3 Ellen Chapmen farm, section 16, pumped 15 barrels, and No. 4 is a rig building. The same company has rig No. 6 building on the L. D. Bone farm, and are drilling No. 4 Seward Rogers farm, section 12. The Citizen's Oil and Gas company is due in the sand with No. 2 W. Milligan farm, section 33. The same company has a well drilling on the Alfred Alexander farm, north of Briant. Peter Hamilton has a well that pumped 50 barrels the first 24 hours in No. 1 on the Allen Saunders farm, in the southeast quarter of section 5. The J. E. Clark Oil company's first venture on the Thurman Huey farm, section 10, makes a good showing. H. H. Fenton's No. 1 on the H. & E. Beals farm, marked on the map as the Michigan Mutual Insurance company's farm, in section 8, pumped 8 barrels the first 24 hours.

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly revised in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

DINNER STORIES.

After the execution of Professor Webster, of Harvard, for the murder of Mr. Parkman, Mrs. Webster went away and was gone for a long period. On her return to Boston, two of her old friends went to call upon her, a gentleman and his wife. Both were in a state of nervous excitement while waiting in the parlor for her to appear.

"Now, remember," whispered the wife to her nervous husband, "don't say anything to recall to Mrs. Webster's mind the awful experience she has been through."

Just then Mrs. Webster entered, and the nervous man exclaimed, with outstretched hands: "Why, my dear Mrs. Parkman, I am so glad to see you back!"

P. L. Hutchins, the cotton expert, was praising an apt and witty speech, says the New York Tribune.

"It reminded me," he said, "of a scene in a magistrate's court that I saw in my boyhood.

"An old man wah haled before a magistrate for stealing chickens, and the latter said, sternly, to him:

"You are charged with robbing henroosts, my friend. Have you any witnesses?"

The veteran smiled calmly, as he replied:

"No, sir. In my country, we don't rob henroosts before witnesses."

James Merry, a well-known Scottish iron master and owner of race horses, once decided to run for parliament. He stood as candidate from Glasgow. He posed as an extreme radical, and was prepared to abolish everything in sight, as a short way to reform. At one of his meetings where the heckling of candidates was the feature, as in all Scottish elections, he was asked after he had disposed summarily of the crown the House of Lords and most of the British constitution, whether he would abolish the decalogue. "Certainly," cried the valiant Merry. Then, turning to his nearest neighbor on the platform, he asked in an audible whisper, "Jack, what in thunder's the decalogue?"

A London broker, a German Jew, had his hat tipped over his face by another of the same race. A few hours later the same friend met the broker and attempted to repeat his clever jest. In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Prompt, Easy Recovery.

The greatest thing in the world —A Mother's Love; the love she lavishes on her children; the love her child should have for her; without this love she could not endure the agonies incident to childbirth; appreciative of this love, Mother's Friend was devised to lessen the pain and anguish of childbirth, that her love might not be strained to the breaking point. Mother's Friend does all this and more—it enables the fond mother to speedily recuperate from the labors of maternity, enables her to regain her lost strength, preserve her youthful lines of beauty, and makes pregnancy her crowning joy without any thorns to mar it.

Mother's Friend

is applied externally, is most harmless in its consistency, most happy in its results, and is of such merit that no case of labor should be conducted without its use. It is a liniment for massage of the abdominal muscles during pregnancy, and by its use their tonicity and power of contraction is greatly enhanced, enabling them to sustain the great strain brought to bear on them at this time. It is Mother's Friend. The name should be enough to recommend it to all who expect to be mothers.

SLATER'S CONDITION HAS NOT IMPROVED

The Attending Physician Fears the Bullet Hole Through His Back Bone Will Prove Fatal to the Wounded Robber.

INJURED MAN A COLLEGE GRADUATE

Was Arrested in 1898 for Robbery of a Bank at Richland, Michigan---Is Also Alleged to Have Cnce Been the Leader of the Famous Lake Shore Gang.

Harry Slater, the escaped convict and alleged bank robber, who was shot in the running pistol duel with Policeman Kelly and other local officers Monday night, was still alive and was resting fairly well at the home of Chris. Geiger, at 3:30 o'clock this afternoon, but there is very little chance that he can ever recover from the effect of his wound. He suffered a weakening attack last night but rallied again this morning and seemed to rest well except for an hour or two during the middle of the day.

Dr. S. S. Herman when questioned by the Times-Democrat concerning the wounded man's condition, stated that the operation in the perforated intestines had so far, proven entirely successful but added that he was afraid the injury to the man's back would bring about his death. "The bullet went right through his back bone," said the physician, "making a hole there that one could run his finger through."

Inquiries have been received at the Times-Democrat today from Detroit, Jackson and Kalamazoo, Mich., concerning the condition of the wounded man and making inquiry as to whether or not any of the men who were his accomplices in the Richland, Mich., bank robbery, for which he was sent to the state prison at Jackson in 1898, had been apprehended here with him. So far as is known by the police, none of Slater's old pals who were implicated with him in the Richland, Mich. robbery have ever been with him in this city.

At least two of the "wise" detectives who came here to get the local police to undertake the dangerous work of capturing Slater, are still in the city, but they are far less conspicuous and pompous than they were prior to the reading of last night's issue of the Times-Democrat.

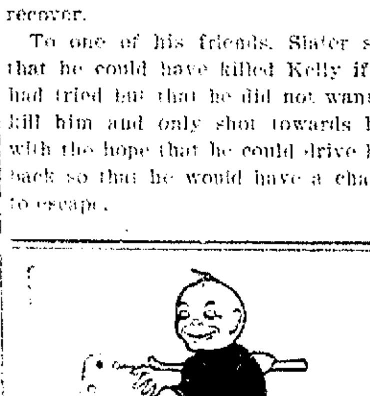

WOUNDED MAN

Clasped Policeman Kelly's Hand and Forgave Him Without Reservation.

No one regrets the result of the pistol duel more than does Policeman Kelly, who fired the shot that resulted in the injury to Slater. Dan's record on the police force is not such as would lead anyone who knows him to believe that he is too hasty or rattle headed. It is believed that he shots at Slater believing that his own life was in danger and with a full realization that he was dealing with a desperate criminal. He believed it was a case of either quitting the chase or meeting desperate measures with desperate measures but he had no thirst for a human life. He believed he was following out the dangerous line of duty perscribed for an officer of the law in such cases and after Slater shot at him he aimed to hit in return. The most he hoped to do however, was to "wing" the fugitive and effect his capture.

Yesterday afternoon, Slater requested that Kelly be sent for and the officer was soon at his bedside at the Geiger home. Slater grasped his hand in a friendly manner and told him that if he had anything to forgive willingly forgave and his words were a source of great relief to the young officer who keenly felt the seriousness of the situation and has hoped from the first that the wounded man would recover.

To one of his friends, Slater said that he could have killed Kelly if he had tried but that he did not want to kill him and only shot towards him with the hope that he could drive him back so that he would have a chance to escape.

TO LEAVE LIMA

Slater Was Making Arrangements When Officers Appeared.

Slater had received a "tip" that the three "four-flushed" detectives were in the city and were after him, and he was preparing to leave Lima when the local officers appeared on the scene at the bottling works Monday night. He would have been on his way out of the city before the arrival of the local officers, but had stopped at the bottling works to wait for one of his pals who had gone somewhere to change some of his clothing, and while he was waiting for the return of his companion, the police appeared on the scene.

A COLLEGE GRADUATE

Was Slater, Who Began a Criminal Life With Lake Shore Gang.

South Bend, Ind., Nov. 23.—Harry Slater, who lies on his deathbed in Lima, is a South Bend man and a college graduate. He first came into notoriety as a leader of the Lake Shore gang which terrorized that section of Northern Ohio and Indiana and southern Michigan traversed by the L. S. & M. S. Railroad. The dozen men under him not only rifled the freight trains running between Toledo and Chicago, but at regular intervals pulled off fairly good jobs of burglary in the smaller cities. The gang, however, went too far, and August 4, 1898, Slater, accompanied by John "Yock" Allison, of South Bend, and Wm. L. Speilman, robbed the Union Bank, of Richland, Mich., of $17,500. They entered and left Richland on a hand car, but, in order to escape, were obliged to engage in a running fight with the village watchman and police. Slater was arrested on suspicion October 18, 1898, in South Bend. When the warrant was read to him he turned pale, but said nothing. Immediately upon his arrest word was sent to Elkhart, Ind., where the officers took Allison into custody.

These two and several others were found guilty and sent to the Jackson prison. Allison, Slater and Wm. L. Speilman, another of the bank robbers, escaped from the penitentiary at 3 o'clock on the morning of August 9, 1904, and so far as known have been at large ever since.

IN THIS CITY

Slater Has Been Known by the Name of Wilson and He Had Many Friends.

Until after he had been shot and wounded and then found at the home of Chris. Geiger, Slater, during the several months he had been in this city, was known under the name of Wilson and although he was known to be a criminal and alleged member of a band of cracksmen, he was not without friends—very warm friends who have been loyal to him since the occurance of the deplorable affair of Monday night. Although he was practically without funds when he was wounded, having given all but ten cents of his last twenty-five dollars to a Christian cause shortly before the three self-styled detectives arrived in the city, he has not wanted for anything that money could buy for him since he was found at the home of Chris. Geiger. His friends have furnished money for the employement of a nurse, for medical attention and for any other care possible to secure. Last evening the trained nurse who had been employed the day after the shooting was called away on a previous engagement and one of the wounded man's friends promptly telegraphed to Toledo for another professional nurse.

Slater was a strict adherent to the code of honor that obtains among nearly all classes of criminals of the robber type. He has friends and associates in Lima who were not regarded as criminals and he would not himself commit a crime in this community and would not permit others with whom he was associated to do so. Consequently, while he was looked upon by the few officers of the law who knew him as a criminal, he was known as a man who need not be feared [illegible] and [illegible] operations he did indulge [illegible] so far [illegible] that [illegible] men never had anything [illegible] and up to the arrival of the [illegible] Pinkerton men, so-called, there [illegible] never any occasion to legally [illegible] the man here. The fact that [illegible] was an escaped convict from the [illegible] Jackson, Mich., penitentiary was known [illegible] few of the man's friends here, [illegible] was never known to the police [illegible] after the shooting had occurred.

A Times-Democrat representative saw and conversed with a number of Slater's friends last [illegible] and while they admitted that he was an escaped convict from the Jackson, Mich., prison, they declared emphatically that the trio of "wise guys" from Indianapolis were on the wrong "steer" in trying to implicate Slater with any robbery that has occurred in the state of Indiana.

Slater, like nine-tenths of criminals of the professional class, had good traits of character that made him admired by his associates. He was raised by respected Catholic parents in South Bend, Ind., and he never forgot the reverence he was taught in his youthful days for those who devote their lives to a sacred cause. More than once Slater has been seen to stop two or three Sisters of Charity on the streets and give them from ten to fifty dollars and then hurry away before they could realize what he had done or have time to thank him.

FIRST DOCTOR

To Attend the Injured Midshipman

After the Fatal Glove Contest With One of Other Jackies,

ON THE STAND TODAY.

Given a Rigid Examination as to the Facts He Had Gleaned

By Reason of His Connection With the Case Before the Death.

Annapolis, Md., Nov. 23.—The second day of the court martial proceedings in the case of Midshipman Minor Meriwether, jr., charged with manslaughter and other offenses growing out of the death of Midshipman Jas. R. Branch, which occurred after the two had engaged in a fight in which light gloves were used, was not nearly as eventful as the first day nor was so much ground covered.

The principal witness called was Surgeon E. P. Stone, of the Naval Academy Staff, who was the first medical officer to see Branch after he had received his injuries and who had much connection with the case from that point to his death. The examination of Dr. Stone covered a wide range, the prosecution taking up the thread of the matter at the point where Pritchard, Branch's roommate, left off at the close of yesterday's session when as he testified, Branch's condition was such that he thought it imperatively necessary to turn him over to the medical authorities. He gave a detailed account of Branch's symptoms his treatment, and changes in his condition leading up to his death. The death, he said, was due to oedma of the vessels of the brain, though this was not disclosed by the operation and no autopsy was performed as Branch's parents would not consent.

The cross examination of Dr. Stone, by Lieut. Com. Robinson, counsel for the defense, was very searching and several members of the court also asked questions on different points of Dr. Stone's testimony.
